

Grant award success rates November 2012- May 2017

Here you can find general information about Breast Cancer Now's grant applications and awards made since November 2011. This includes success rates for each award type.

Note: These figures reflect results over the financial year from July to June (and therefore start with the November rounds and not over the calendar year (November-May))

- PhD applications are reviewed in the November round only
- Scientific Fellowship applications open in the May round only (not currently open)
- Project and Pilot applications open in both rounds (Pilot grants not currently open)

Table 1 and **Figure 1** below display the funding success rates over the last 5 financial years.

Funding stream	Financial year (July-June)				
	Nov 2012- May 2013	Nov 2013- May 2014	Nov 2014- May 2015	Nov 2015 – May 2016	Nov 2016- May 2017
PhD	21%	38%	16%	15%	25%
Scientific fellowship	N/A	N/A	0%	7%	N/A
Project grants	16%	16%	14%	10%	11%
Pilots	23%	29%	17%	9%	N/A

Table 1. Success rates (%) for Breast Cancer Now's different grant funding streams over the last 5 financial years.
