

BREAST  
CANCER

NOW The research  
& care charity

# SUPPORT FOR TODAY HOPE FOR THE FUTURE

We're Breast Cancer Now, the charity that's steered by world-class research and powered by life-changing care. We're here for anyone affected by breast cancer, the whole way through, providing support for today and hope for the future.

We're that trusted friend that you turn to for caring support when you need it most. That expert authority on research who is making breakthroughs and driving forward progress. And that vehicle for change, acting now to make sure anyone affected by breast cancer gets the best possible treatment and care.

# STEERED BY WORLD-CLASS RESEARCH

By funding almost 340 of the brightest minds in breast cancer research, we're discovering how we can prevent, save lives and live well with breast cancer. Giving us the power to drive forward progress on a global stage.

To date, we've already invested £230 million in breast cancer research. And we're not about to stop. Right now, we're funding around 80 cutting-edge projects across the UK worth just over £26 million.

# POWERED BY LIFE-CHANGING CARE

Our breast care nurses, expertly trained staff and volunteers, and award-winning information is all here to make sure anyone diagnosed with breast cancer gets the support they need to help them deal with the physical and emotional impacts of the disease.

From our Moving Forward courses, Living with Secondary Breast Cancer groups, Younger Women Together events and Someone Like Me service to our Becca app, online Forum, Ask Our Nurses service, Helpline and publications on diagnosis, treatment or breast health – we'll always be here.

**Every 10 minutes,  
someone in the  
UK is diagnosed  
with breast cancer.**

That's around 55,000  
women and 370 men  
every year.

**Breast cancer is  
the most common  
cancer in the UK.**

One in seven women  
in the UK will develop  
the disease.

**35,000 people are  
living with incurable  
secondary breast  
cancer.**

Every year, around  
11,500 women and  
81 men die from  
the disease.

BY 2050, WE BELIEVE  
EVERYONE DIAGNOSED  
WITH BREAST CANCER  
WILL LIVE - AND  
BE SUPPORTED TO  
LIVE WELL.

**BUT WE NEED TO  
ACT NOW.**

You can find out more  
about our work and  
how to get involved at
