WEAR PINK.
RAISE MONEY.
FOR EVERYONE AFFECTED
BY BREAST CANCER.

Hello,

Welcome to our wonderful wear it pink community! Thank you for signing up to wear it pink 2025. We're so pleased you're joining us.

Over the past 24 years, our fantastic community has raised over a staggering £43 million for breast cancer research and support services. But we can't stop there.

We're on a mission to make sure that by 2050, everyone diagnosed with breast cancer lives, and is supported to live well. By wearing it pink this October, you'll help us get closer to making this ambitious goal a reality. Thank you.

You can make a difference

Every 10 minutes, someone in the UK hears the words "you have breast cancer". It's the most common cancer in women in the UK. So no matter how you're wearing it pink, your support makes a vital difference.

Whether it's a big pink quiz or a rose-tinted bake sale, the money you raise could help give someone information and support they can rely on when they need it most.

Get ready to wear it pink

We hope you love your wear it pink fundraising pack. You'll find plenty of pink materials to help you plan and decorate for your event. If you need any extra items, you can order them at **wearitpink.org/sign-in** using your unique registration number.

We're here if you need anything, even if it's just some tips and hints to get you inspired! You can get in touch with us at **wearitpink@breastcancernow.org** or on **0333 20 70 300**. And please do share your wonderful stories with us, we love hearing from you.

Enjoy planning your event – pull up those pink socks, pop on your pink t-shirt or proudly parade that pink hat. We can't wait to hear all about it!

OUR CAMPAIGNING WINS

We want everyone affected by breast cancer to get the best possible treatment, care and support. That's why we use our voice, and work alongside other charities, to campaign for the things that people affected by breast cancer need – from better screening and diagnosis to access to treatments.

WE'VE HAD SOME AMAZING CAMPAIGN SUCCESSES,
AND WE **COULDN'T HAVE DONE IT WITHOUT YOU.**

- With the support of patient advocates we helped ensure **life-extending secondary breast cancer drugs** like Kadcyła, Perjeta and Trodelvy are available on the NHS across the UK. This could help give people with incurable secondary breast cancer more time
- We helped the potentially **life-saving primary breast cancer drug, olaparib, become approved for use on the NHS.** This could enable certain women to have a future free from breast cancer
- We successfully called for the NHS in England to run a **breast screening awareness campaign**, to encourage more women to attend screening when invited. Screening can pick up breast cancer at the earliest stages. And the sooner breast cancer is diagnosed, the more effective treatment is likely to be. So, more women attending screening could mean more lives saved from breast cancer

By wearing it pink and raising money, you could help fund more vital campaigns. Pushing for more people to get diagnosed earlier, be able to get treatments and be supported to live well.

TOUCH YOUR BREASTS LOOK FOR CHANGES CHECK ANY CHANGES WITH YOUR GP

No matter what size or shape your breasts are, **check them regularly.**

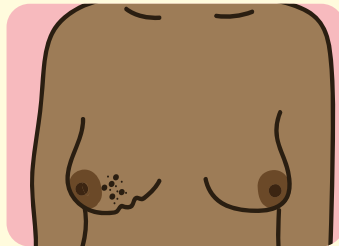

Check all parts of your breasts, your armpits and up to your collarbone (upper chest) for **changes.**

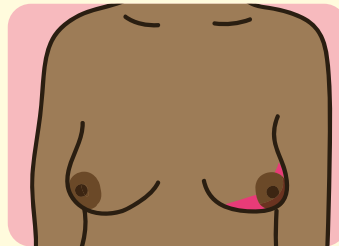

Signs and symptoms may appear differently on various skin tones

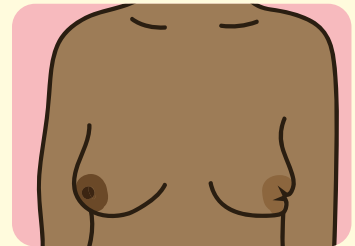

A **lump or swelling** in the breast, upper chest or armpit

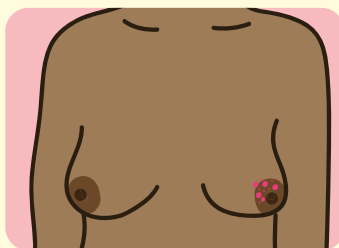

A **change to the skin**, such as puckering or dimpling

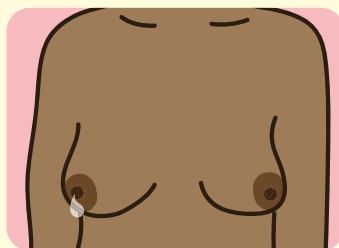

A change in the **colour** of the breast – the breast may look darker, red or inflamed

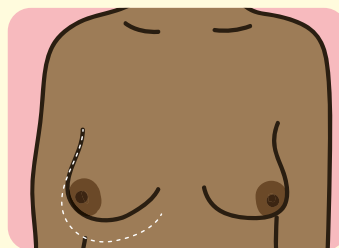

A **nipple change**, for example it has become pulled in (inverted)

Rash or crusting around the nipple

Unusual liquid (discharge) from either nipple

Changes in size or shape of the breast

On its own pain in your breasts is not usually a sign of cancer. But look out for pain in your breast or armpit that's there all or almost all the time.
