

## WHAT COULD YOUR FUNDRAISING PAY FOR?

### £100

**£100 could bring an expert speaker to a Living with Secondary Breast Cancer group.** They can give specialist information sessions to support people with secondary breast cancer – online or in person.

### £200

**£200 could pay for 4 hours of lab-based world-class research.** When it comes to research, every second counts. And every hour in the lab brings us even closer to making breakthroughs in breast cancer that could save lives.

### £300

**£300 could help 10 people affected by breast cancer get vital answers by calling our free and confidential helpline.** No question is too big or small, and all calls are answered by breast care nurses and trained staff.

### £400

**£400 could fund 2 online Moving Forward sessions for up to 12 people.** Moving Forward is our course for people finishing treatment for primary breast cancer. It's a chance to connect with others who understand, and get the tools to feel more empowered, confident and in control.

### £450

**£450 could keep the Breast Cancer Now Biobank open for over 1 hour.** It's a crucial resource for our researchers, full of samples of breast cancer tissue. Using real tissue, they can make breakthroughs faster and find new ways to prevent and treat breast cancer, to stop the disease taking lives.
