

FOR THE LAUGHS. FOR YOUR FRIENDS. FOR ANYONE AFFECTED BY BREAST CANCER.

Cream first or jam? Crusts on or off?

Whatever you choose, the money you raise at your Afternoon Tea in aid of Breast Cancer Now will help us provide life-changing care and fund world-class breast cancer research.

And right now, that couldn't be more important. Every year, around 55,000 women and 370 men find out they've got breast cancer – that's someone every 10 minutes. So, crusts or no crusts, Earl Grey or Yorkshire – however you do it, your Afternoon Tea will be bringing us even closer to changing the future of breast cancer.

Now, isn't that proper?
