

# HOW TO FIND YOUR FACEBOOK LINK

## USING THE MOBILE APP

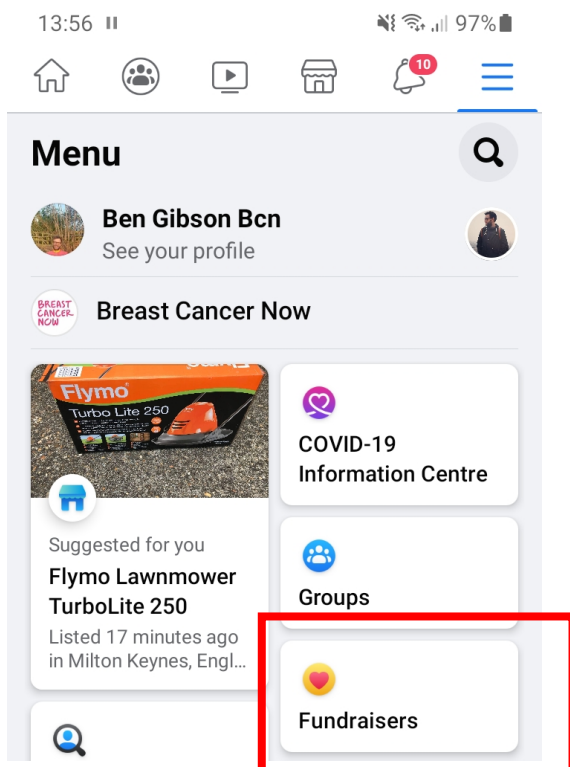

### STEP 1

On the Facebook home page, click on the three lines in the top right corner to access the menu. This may differ between devices but looks for three lines or dots and that should be menu.

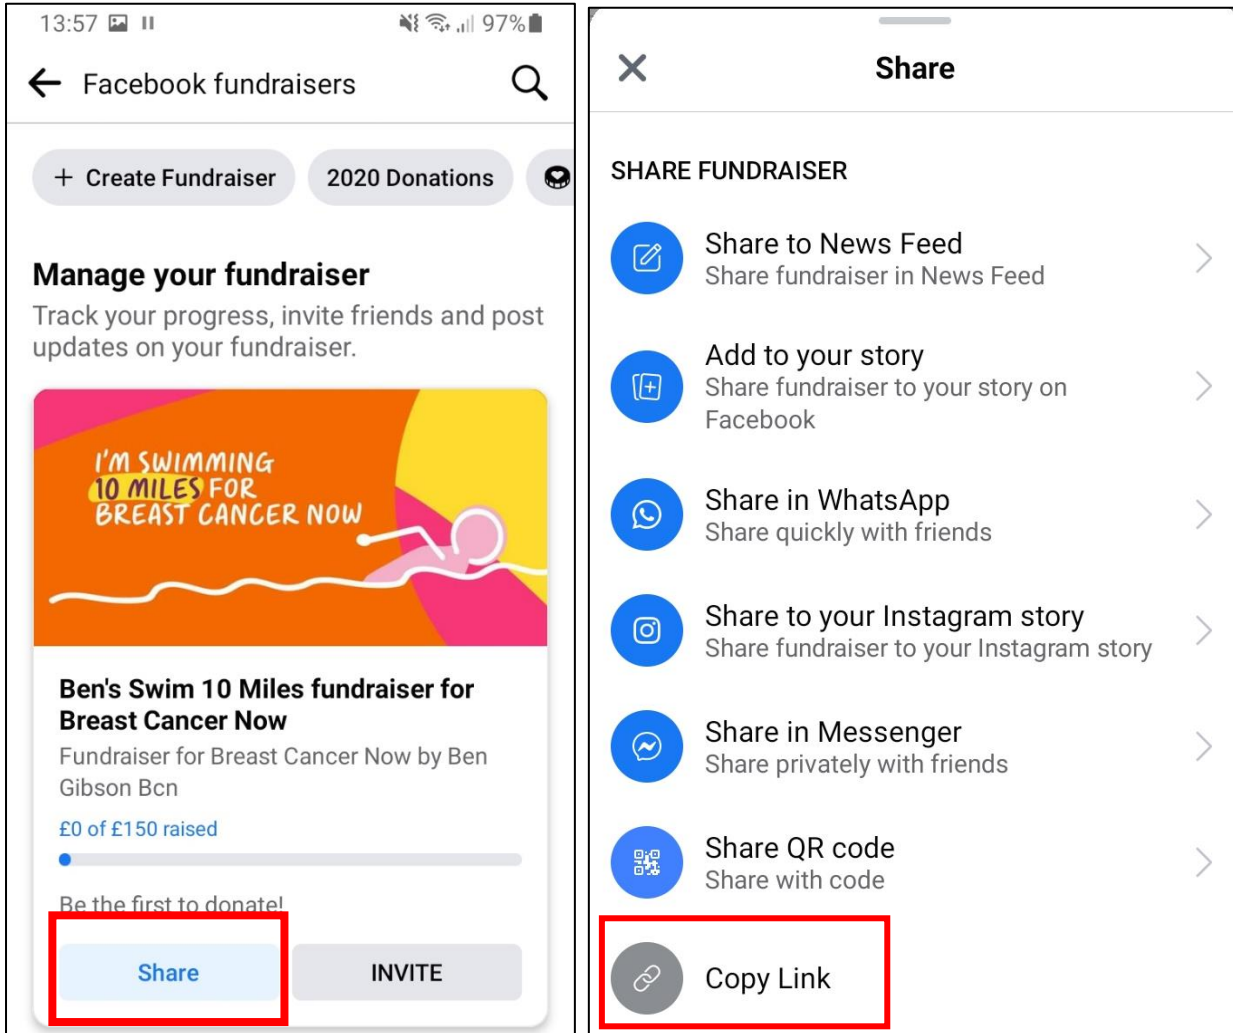

### STEP 2

On the menu page, click on the Fundraisers icon. You may have to scroll down a bit to find it.

## STEP 3

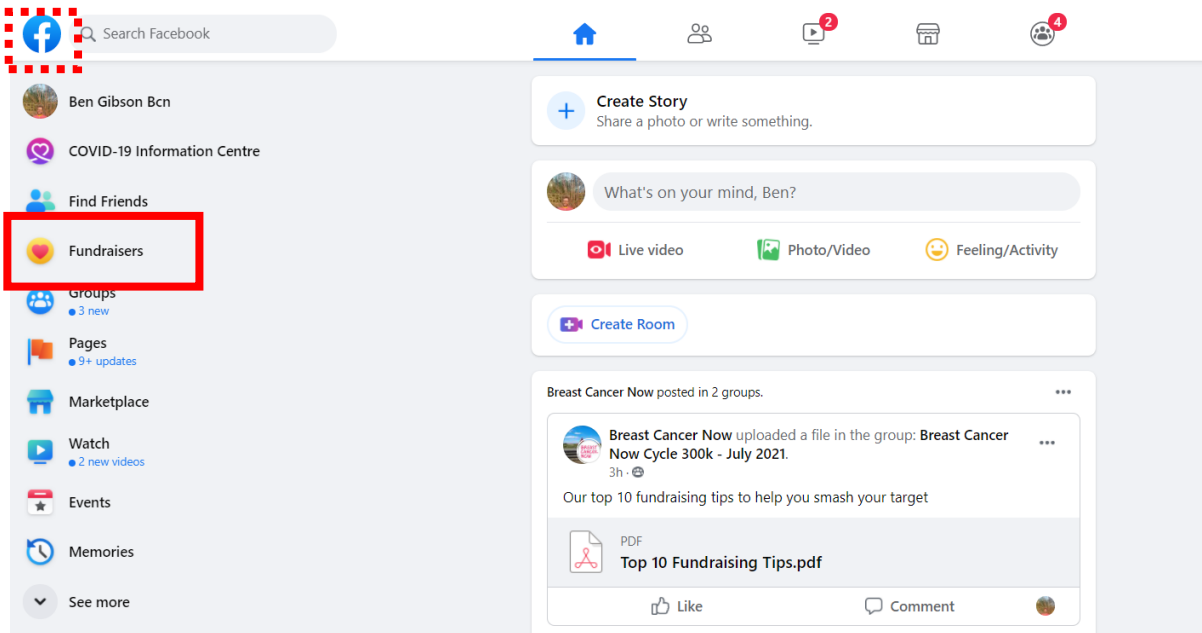

On the next page you should see your fundraising page. Click on the share button. This will then open a small menu, scroll down and select copy link. This will save your link so it can be pasted. Go back to the form and paste your link into the appropriate box (you do this by holding down your finger in the area you want to paste and selecting paste (this will vary between mobile devices)).

# USING A COMPUTER

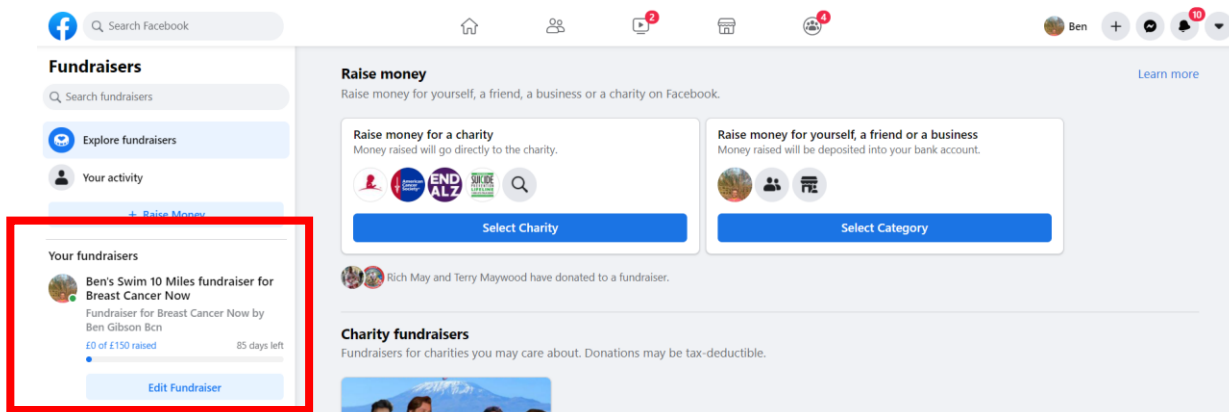

## STEP 1

On the Facebook home screen, click the 'Fundraisers' button on the left-hand side. If it isn't there you may need to click on the blue Facebook logo in the top left corner.

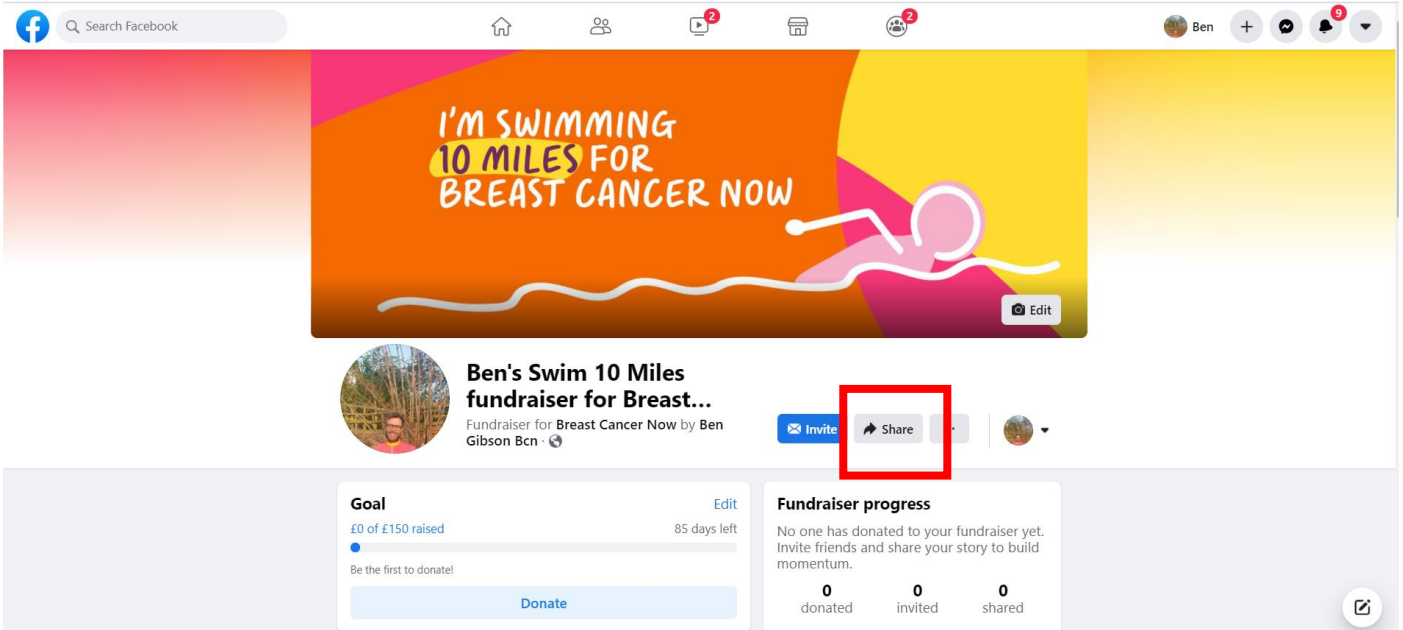

## STEP 2

Your age should appear along the left-hand side of the fundraisers page. Click on your fundraising page.

### STEP 3

Your page should look something like this. Click on the share button.

### STEP 4

Then click 'Copy Link'. This will save your link so you can post it. Head back to the form and paste it into the correct box but either right clicking and pasting or pressing control + V.
