

## Grant award success rates November 2014- August 2019

Here you can find general information about Breast Cancer Now's grant applications and awards made since November 2013. This includes success rates for each award type.

**Note:** These figures reflect results over the financial year from August to July (and therefore start with the November rounds and not over the calendar year (November-July).

- PhD applications are reviewed in the November round only.
- Project Grants open in both November and July\* rounds.
- Scientific Fellowship and Pilot grant applications are not currently open.

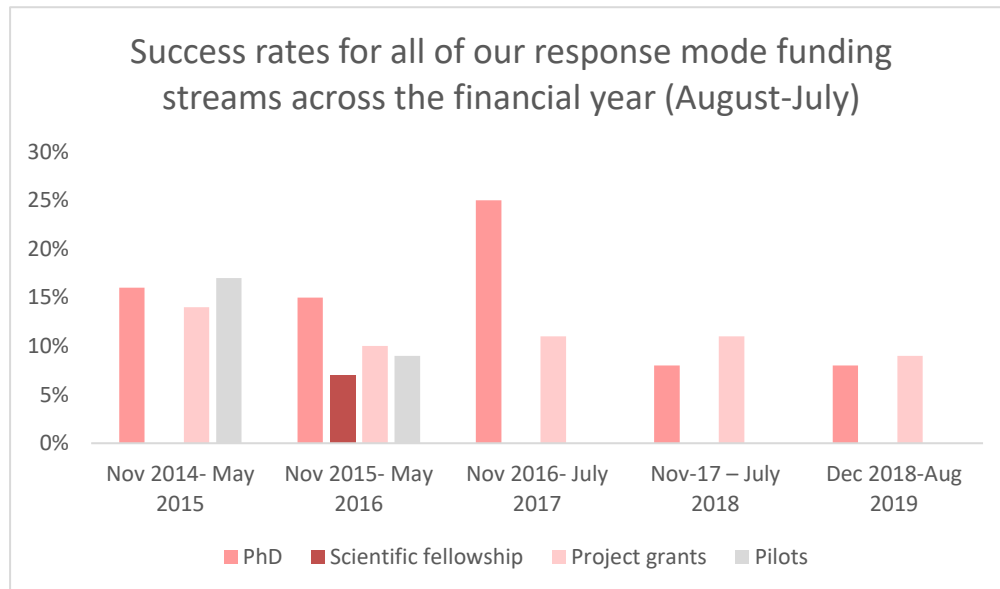

\*The committee meetings have moved from May to July from July 2017.

\*\*The name of the round changed from Nov to Dec to reflect the award date from Dec 2018

**Table 1** and **Figure 1** below display the funding success rates over the last 5 financial years.

	Nov 2014- May* 2015	Nov 2015- May 2016	Nov 2016- July 2017	Nov-17 – July 2018	Dec** 2018- Aug 2019
<b>PhD</b>	16%	15%	25%	8%	8%
<b>Scientific fellowship</b>	0%	7%	N/A	N/A	20%
<b>Project grants</b>	14%	10%	11%	11%	9%
<b>Pilots</b>	17%	9%	N/A	N/A	N/A

**Table 1. Success rates (%) for Breast Cancer Now's different grant funding streams over the last 5 financial years.**
